PROSPECTUS OF THE NORTH CAROLINA STATESMAN.

THE undersigned propose, on the first day of January next, at Raleigh, North Carolina, to begin the publication of the North Carolina Statesman, a semi-weekly and weekly paper, devoted to politics, news, and miscellaneous subjects, and respectfully solicit for it a share of the patronage of the democratic party, their friends, and the public.

of the democratic party, their friends, and the public.

Invited by many leading persons of the State rights republican party to propagate and defend principles which we have always held, and regard as the only basis of prosperity in our form of government, and inspired with a sincere desire to serve that party and advance its interests, we propose to issue a paper at the seat of the State government. In the field of editorial enterprise, there is ample room for those who are now holding position, as well as for others, who choose to enter into fair competition. The propagation of the principles of our party is a duty at once important, and to us peculiarly agreeable. The attractions of the editorial profession and its honorable toils, together with a desire to extend its influence, has had much weight in the decision which we have made—a protession at once dignified and elevated, where the highest intellectual gifts may find full employment, and the purest patriotism make contribution to the public weal. We are persuaded that a journal, conducted with fairness and devoted to principle, may secure sufficient patronage, without interfering with the claims or sights

devoted to principle, may secure sufficient patron-age, without interfering with the claims or rights of any now prosecuting the same great work. Although mainly devoted to the discussion of such political questions, as they arise, which affect the welfare of North Carolina, whether relating to the welfare of North Carolina, whether relating to the federal or State governments, or such local in-terests as may be of importance, it is nevertheless intended to make the Statesman a medium of ge-neral intelligence. Accordingly, the state of the markets in the principal cities, to which our com-merce goes, shall be fully and accurately reported; nor will the attention of the conductors be less ad-dressed to the subject of internal insections. dressed to the subject of internal improvements, as a means indispensable to the development of the mineral and agricultural resources of the State. These interests, of primary importance, shall always command their fullest attention. To this they propose to add carefully selected and original literary matter. Being strictly conservative, they propose to avail themselves of all the lights of ex-

vancement of the interests of North Carolina.

The general objects of the proposed paper being thus clearly indicated, it may not be amiss briefly to state the particular views which are to be susto state the particular views which are to be sustained by it as a political journal.

1st. Our purpose being to publish a paper purely democratic, according to the straightest requirements of that party, we shall advocate strict party organization in its fullest and most comprehensive sense; an organization which originates in the popular will, expressed by the people in their primary assemblies, and which has been so successfully introduced among the democracy of many of the sther States, by which the rank and file of the party are, in fact, those who indicate its decisions, and, being all brought into action, express their will imperatively; thus, by open and fair dealing, commanding respect and obedience; an organiza-

commanding respect and obedience; an organiza-tion of the people, and not of intriguers; restoring power to those who, by sufferance, have tolerated the temporary usurpation.

2d. The democratic party shall always find in usurpation advocates of their right to select their standard bearers, and to command acquiescence in decisions made by conventions fairly elected in their primary meetings. Standing upon the good sld State rights platform of '58, we shall oppose government corporations created by Congress for the purpose of internal improvement, the regulation of finance

r any other measure inconsistent with the rights 3d. Believing that the platform adopted by the late Baltimore convention contains the democratic creed, they expect cordially to sustain the present administration, trusting that the policy adopted by cardinal doctrines of the American democracy 4th. They will advocate all such measures of in ternal improvement as promise by judicious prose-cution to promote the interests of the people and diffuse the benefits of a system already enjoyed by

portions of the State.

3th. The disposition of the public lands being a question of the most absorbing interest, we believe it should be at once met and settled. The unjust and unequal legislation of Congress, in re-lation to those lands, and the large and frequen appropriations made to the new States, indicate a sinal departure from the old and wise policy of appropriating the proceeds of their sales to the payment of the public debt, and the expenses of the government. It has for some time censed to be either a subject of hope or expectation that there will ever be a return to a policy which had so much to recommend in. Believing that this system of squandering and produgality is not only to continue but to grow worse, we shall pretest against it, and assert the right of the old States to heir equitable share of the lauds which remain.

The power to dispose of the public lands being explicitly deciared in the Constitution, the exerexplicitly declared in the Constitution, the exercise of that power is a question of policy, both as to the time and the mode." Believing, as we do, that it has become the settled policy of Congress to squander the public lands, we adopt the patriotic language of Mr. Dobbin, and say that "all of North Carolina's sons, both whigs and demorats, should protest, and demand North Carolina's share of the public domain."

6th. Approving of the sentiments of the inaugural of the President, we shall oppose the acquisition of Cuba or any other foreign territory, unless such acquisition be in accordance with existing treaties, and entirely consistent with the national

Invigorating Elixir or Cordial.

Invigorating Elixir or Cordial.

A T first the properties attributed to Professor Morse's Invigorating Elixir or Cordial were deemed fabulous. The public often deceived could not believe the simple and sublime truths announced by the discoverer. But facts, undeniable facts, attested by witnesses of the highest class and character, are now triumphing over all doubts. Incredulity is overtheroon by a mass of testimony which is perfectly irresistible.

The Elixir remedies in all cases the deplorable evils arising from a misuse of the various organs which make up the wonderful machine called man. It restores to full vigor every delicate function connected with that mysterious compound agency of matter and mind, necessary to the reproduction of human life. To persons of feeble muscular frame, or deficient in vital power, it is recommended as the only means of communicating that energy which is necessary to the proper enjoyment of all the natural appetites, as well as the higher mental attributes. Its beneficial effects are not confined to either sex or to any age. The feeble girl, the ailing wife, the listless, enervated youth, the over-worn man of business, the victim of nervous depression, the individual suffering from general debility, or from the weakness of a single organ, will all find immediate and permanent relief from the use of this incomparable renovator. To those who have a predisposition to paralysis, it will prove a complete and unfailing safeguard against that terrible malady. There are many, perhaps, who have so trifled with their constitutions, that they think themselves beyond the reach of medicine. Let not even these despair. The Elixir deals with disease as it exists, without reference to causes, and will not only remove the disorder itself, but without reference to causes, and will not only re-nove the disorder itself, but REBUILD THE BROKEN CONSTITUTION

The derangements of the system, leading to ervous diseases, and the forms of nervous dis nervous diseases, and the forms of nervous disease itself, are so numerous that it would require a column to enumerate the maladies for which this preparation is a specific. A few, however, may be enumerated, viz: neuralgia tic-doloureux, headache, incipient paralysis, hysteria, palpitation of the heart, spinal affections, muscular debibty, tremors, flatulence, a pricking sensation in the flesh, numbness, torpidity of the liver, mental depression, weakness of the will, indisposition to move, faintness after exercise, broken sleep, and terrifying dreams, inability to remain in one place terrifying dreams, inability to remain in one place or position, weaking of the procreative organs, sexual incompetency, melancholy, monomanis, fluor albus, sinking at the stomach, female irregularities, a chronic tendency to miscarriage, emaciation, and all complaints growing out of a free indulgence of the passions and all barrance. free indulgence of the passions, and all barrenness that does not proceed from organic causes beyond the reach of medicine.

Whenever the organs to be acted upon are free from malformation or strictural diseases, it is

MORSE'S INVIGORATING ELIXIR Will replace weakness with strength, incapacity with efficiency, irregularity with uniform and use ural activity, and this not only without hazard of reaction, but with a happy effect on the general organization. Bear in mind that all maladies, wherever they begin, finish with the nervous sys-tem, and that the paralyzation of the nerves of motion and sensation is physical death. Bear in mind, also, that, for every kind of nervous disease the Elixir Cordial is the only reliable preparation

CURE OF NERVOUS DISEASES. No language can convey an adequate idea of the immediate and almost miraculous change which it occasions in the diseased, debilitated, and shattered nervous system, whether broken down by excess, weak by nature, or impaired by sick-ness, the unstrung and relaxed organization is at once braced, revivified, and built up. The mental and physical symptoms of nervous disease vanish together under its influence. Nor is the effect temporary; on the contrary, the relief is perma-nent, for the cordial properties of the medicine reach the constitution itself, and restore it to its ormal condition. Well may the preparation be called the

MEDICINAL WONDER Of the nineteenth century. It is, as the first scientific man in the world would have admitted, that miracle of medicine heretofore supposed to have no existence.
A STIMULANT THAT ENTAILS NO RE

ACTION.

Its force is never expanded, as is the case with opium, alcoholic preparations, and all other excitants. The effect of these is brief, and it may well be said of him who takes them: "the last state of that man is worse than the first." But the Elixir is an arbitrary and the said of th exhilarant without a single drawback—safe in its operation, perpetual in its happy influence upon he nerves, the mind, and the entire organizat it will also remove depressions, excitement, a tendency to blush, sleeplessness, dislike of society, incapacity for study or business.

LOSS OF MEMORY,

Confusion, giddiness, rush of blood to the head, melancholy, mental debility, hysteria, wretchedness, thoughts of self-destruction, fear of insanity, hypochondriasis, dyspepsia, general prostration, irritability, nervousness, inability to sleep, diseases incident to females, decay of the propagating functions, hysteria, monomania, vague terrors, palpitation of the heart, impotency, constipation, &c., &c., from whatever cause arising it is, if there is any reliance to be placed on human testimony, absolutely infallible.

CAUTION.

Dr. Morse's Invigorating Cordial has been counterfeited by some unprincipled persons.

In future all the genuine Cordial will have the proprietors' fac-simile pasted over the cork of each bottle, and the following words blown in the glass: "Dr. Morse's Invigorating Cordial,
"C. H. RING, Proprietor, N. Y."

The Cordial is put up highly concentrated, in Price: \$3 per bottle; two for \$5; six for \$12. C. H. RING, Proprietor, 192 Broadway, New York.

INVIGORATING CORDIAL,

DURELY Vegetable in its composition. This
invaluable Cordial is extracted from Herbs and
Rrrts, which have been found after years of experience, by the most skillful physicians, to be
possessed of qualities the most beneficial in the
diseases for which it is recommended; and hence,
whilst it is presented to the public as an efficacions remedy, it is also known to be of that character on which retiance may be placed as to its
safety. In cases of Impotency, He-morrhages,
Disordered Sterility, Menstruation, or Suppression
of the Menses, Fluor Albus or Whites, or for
Debility arising from any canse, such as
weakness from sickness, where the patient has
been confined to bed for some time, for females
after confinement, abortion or miscarriage, this
cordial cannot be excelled in its salutary effects;
or in loss of muscular energy, irritability, physical
prostration, seminal weakness, palpitation of the
heart, indigestion, sluggishness, decay of the procreative functions, nervousness, &c., where a
rosno medicine is required, it will be found equal
if not superior to any compound ever used.

To Females.—Henry's In igorating Cordial is
one of the most invaluable medicines in the many
complaints to which females are subject. It assists nature to brace the whole system, check ex
cesses, and creates renewed health and happiness.
Less suffering, disease, and unhappiness among
ladies would exist, were they generally to adopt
the use of this cordial. Ladies who are debilitated
by those obstructions which females are liable to,
are restored by the use of a bottle or two to bloom
and to vigor.

Nervous Debility, weakness of the system, and premature decay. Many of you may now be suffering, misled as to the cause or source of disease. To those, then, who by excess have brought on themselves premature impotency, involuntary seminal emissions, weakness and shrivelling of the genital organs, nervous affection, or any other consequences of unrestricted indulgence of the sensual passions, occasioning the necessity of renouncing the felicities of

Marriage, lessuning both mental and bodily capacity, hold! Henry's invigorating Cordial, a medicine that is purely vegetable, will aid nature to restore those important functions to a healthy state, and will preve of service to you. It possesses rare virtues, is a general remover of disease, and strengthener of the system.

As a Tonic Medicine, it is unsurpassed. We do not place this cordial on a footing with quack medicines, and, as is customary, append a long list of recommendations, certificates, &c., beginning with "Hear what the Preacher says," and such like; it is not necessary, for "Heury's Invigorating Cordial" only needs a trial to prove that it will accomplish all we say.

The Genuine "Henry's Invigorating Cordial" is put up in eight oz. pannel bottles, and is easily recognised by the manufacturer's signature on the label of each bottle, (to counterfeit which is forgery.)
